Summary: (please give a short overview of the nature of the nomination)

Why was this created?

How is this format different from what has happened in your discipline in the past?

Does the dissemination model for the information significantly enhance the audience experience?

UBC Library

Does the dissemination model suggest new ways of applying the knowledge by the manner in which it is packaged?

Does the dissemination model for the information engage/attract a different audience in the use of material?

Does the vehicle merge forms of communication in new ways to give the recipient enhanced options? – video, text, images, software manipulations etc.

What else should be considered by the committee about your project?
