Create image | Code | Get advice | Surprise me | Summarize text | More

1. What should a synopsis of a meta-analysis of RCTs look like?
2. Give me a synopsis of THIS paper
3. Can you give me the benefits and harms using absolute numbers?
4. What information would I put on a single slide?
5. Whatever else you would like to add

Then check all the numbers - what mistakes?
What should you really report?
What are the real numbers?
