

Speaker: **Patrick Pow**

PhD student, Soil Biometeorology group, Supervisor Dr. Andy Black

Presentation: **Greenhouse gas exchange of an intensively managed forage field in Agassiz, BC**

Date: Friday **Jan 14**, 2022, 3:00-4:00 pm,  
**Livestreamed** via zoom (see details below for how to join)

**Bio:** Patrick received his B.Sc. degree from the University of Waterloo in Environmental Science, Ecology. During his B.Sc. degree, he worked with the UW Hydrometeorology Research Group and was responsible for the maintenance and data collection from remote EC and weather stations in the northern boreal. Then he completed his M.Sc. at UBC with the Biometeorology and Soil Physics Group studying GHG fluxes over a blueberry field on Westham Island. He now continues his studies as a PhD student measuring the GHG balance of an intensively managed forage field in Agassiz.

### **How to Join**

Livestreaming via zoom is available for this presentation; pre-registration required.

<https://ubc.zoom.us/meeting/register/u5MvduurrT4oHNF6SJLdx8V34tYVfePOWLyj>

After registering, you will receive a confirmation email containing information about joining the meeting. Please note that you only need to register once for both terms.
