

# My Student Checklist

We have designed the **Student Checklist** activities to align with the **Connect Four Quadrants** training framework.

'After you have completed the **Student Activities** above, return to the discussions area and post in **My First Impressions of Connect**

## Course Content

- In **Example Course Units**, explore the various ways of presenting content or course materials (eg. learning modules, folders, file types, mashups)

## Communications & Collaboration

- In *Participants Introductions* **discussions** area, please introduce yourself to your colleagues
- Create a **journal** entry in *What did I learn This Week?*
- Create a blog entry in *Practice Astronomy* **blog**
- Add to the *Climate Change Terminology* **wiki**
- In the **Groups** area, see what group you are a member of. What group tools are available for your group?

## Assess Student Learning

- In the **Assignments** area, submit the *Planet Paper* assignment
- In the **Assessment** area, take **Practice Quiz**

## Course Management

- In **My Grades**, check how your grades are displayed. What information is available to you as a 'student'?
