What's In, Out and In-Between? Preparing for Active Learning

Inside…
the learning environment

outside…
on their own

In Between…

In class/online, together

What will you as an instructor need to prepare students for the learning activity? (ie. modelling a strategy/ approach)

What will your active learning activity or strategy be – pulling the two pieces together? (ie. Problem solving)

What will learners need to do in order to prepare them for the activity? (ie. targeted pre reading, video, self-assessment)
