PROJECT DETAILS

1. Please provide a detailed description of the material to be digitized (including an estimate of the number of items/pages for each media type).
2. What is the significance and impact of making the material available online? Please outline your rationale with reference to the categories outlined in the [Digital Collection Development Policy](#).

3. Have copyright considerations been addressed? Please comment on any copyright or intellectual property considerations issues related to digitization and online publication of this collection.

4. Please indicate whether any current metadata or cataloguing exists for these items.

5. Please list any risks or challenges that should be considered. This might include cultural sensitivities, rights issues, lack of cataloguing, or fragility of material, etc.

6. Do you have any special knowledge, technical skills or other resources that might assist with project completion (i.e. contextual information, historical background of collection, or information about other digital projects working with similar materials)?

7. How will you evaluate the success or impact of this project?

8. Is there any other information about the project that you would like to add?

9. Does this project need to be completed by a certain date? If so, please indicate the necessary completion date and reason for deadline.

10. Does the project have any source(s) of funding that you are aware of (i.e. endowment funds, funds from other departments or faculties, funds from granting agencies or individuals etc.)?
